

SE Manager:

Simpler, Smarter, Stronger

Built By Educators For Educators

Her success is your success!
With SE Manager, spend more time working with students and less time filling out forms. SuccessEd programs offer seamless integration, so you can tell her complete story-- from RTI to the FIE to PLAAFPs and IEP progress reports. Promote efficiency and effectiveness by reducing double entry and increasing communication!

Always Innovating. . .

Never Imitating.

SuccessEd is an innovative educational software provider that combines the latest technology with expert knowledge and experience.

We put time-saving data management tools in the hands of educators which track compliance and services provided to students in Special Education, Section 504, Dyslexia, RtI, Medicaid, Bilingual/ESL, and behavior programs.

Use of our programs results in actionable data that allows for continuous review of the effectiveness of implemented strategies, accommodations, and methodologies, thereby creating opportunities for every student to be successful.
